Rediscovering the Gospel

DESIGN THINKING for a leaner “user-friendly” theology that is simultaneously more:

- **Biblical**
- **Childlike**
- **Culturally Relevant**
- **Useful** for *Evangelism, Discipleship, and Outreach*

“God Loves Us Like Jesus”

- **GOD:** Exists prior to AND embeds our universe
- **JESUS:** Lived, died & rose again to show us love
- **LIKE:**
 - **Affection:** The way Jesus loves us
 - **Mission:** The way God loves Jesus
 - **Character:** Make us more & more like Jesus

Practices over Ideas

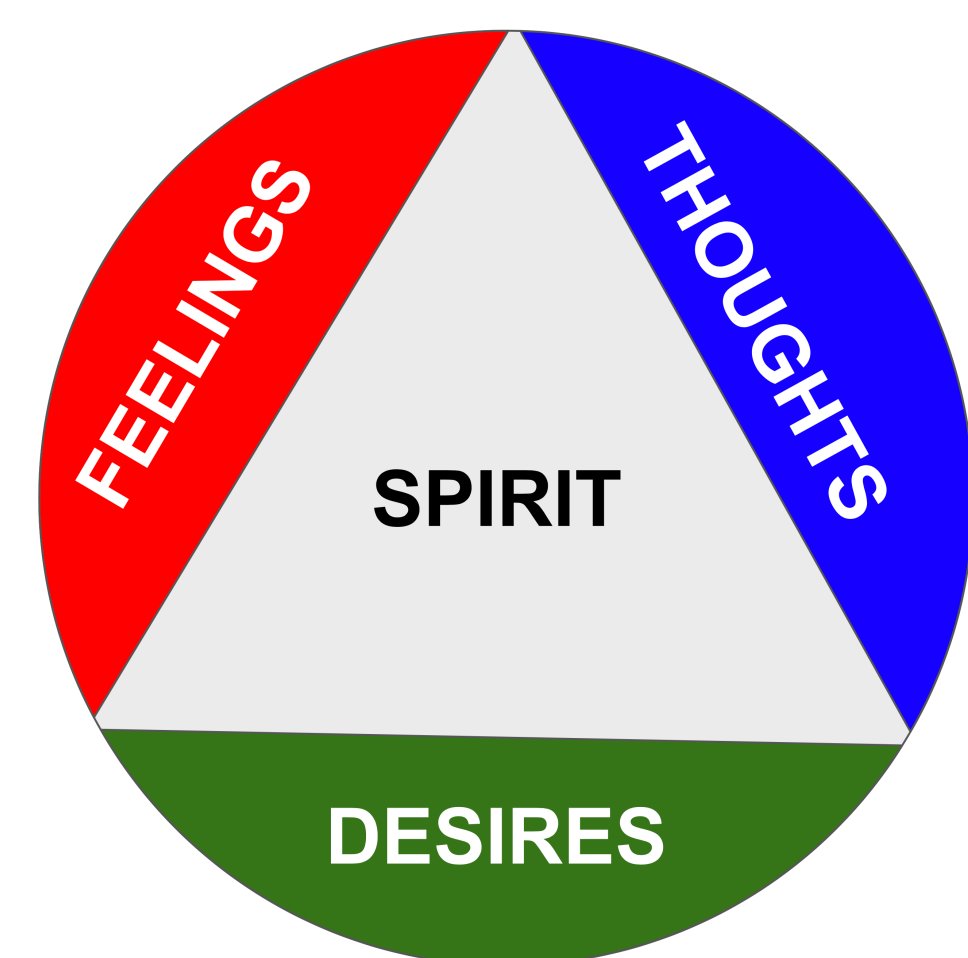

1. **AWARE** OF SELF, CHRIST, OTHERS
2. **OPEN** TO GOD’S SPIRIT, WORD, BODY
3. **VALUE** HAPPINESS, RELATIONSHIP, GLORY
4. **RISK** GENEROSITY AND VULNERABILITY
5. **REJOICE** IN LIVING OUT OUR PURPOSE

One Metric That Matters

LOVING AS JESUS DOES

- **GOD**
- **OUR SELVES**
- **OUR “OTHER”s**

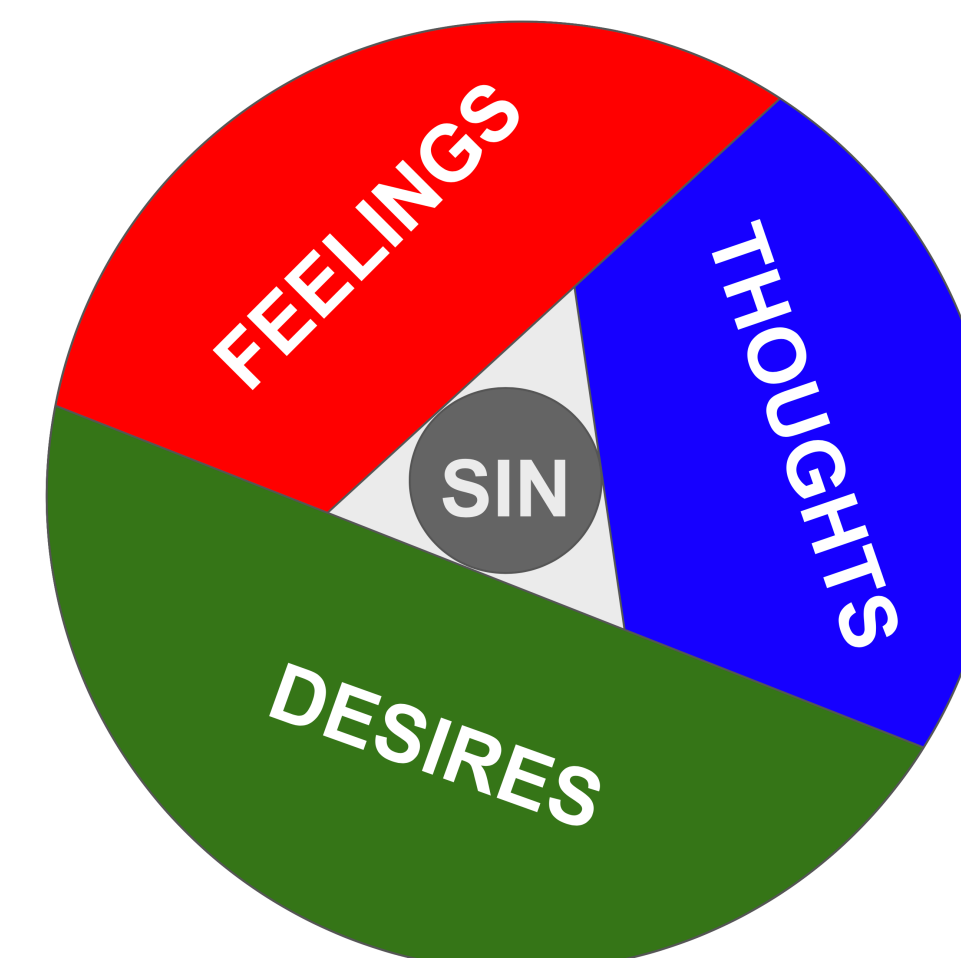

1. Creation

SELFHOOD

We each have a spirit created to align our thoughts, feelings & desires with God, others & the world.

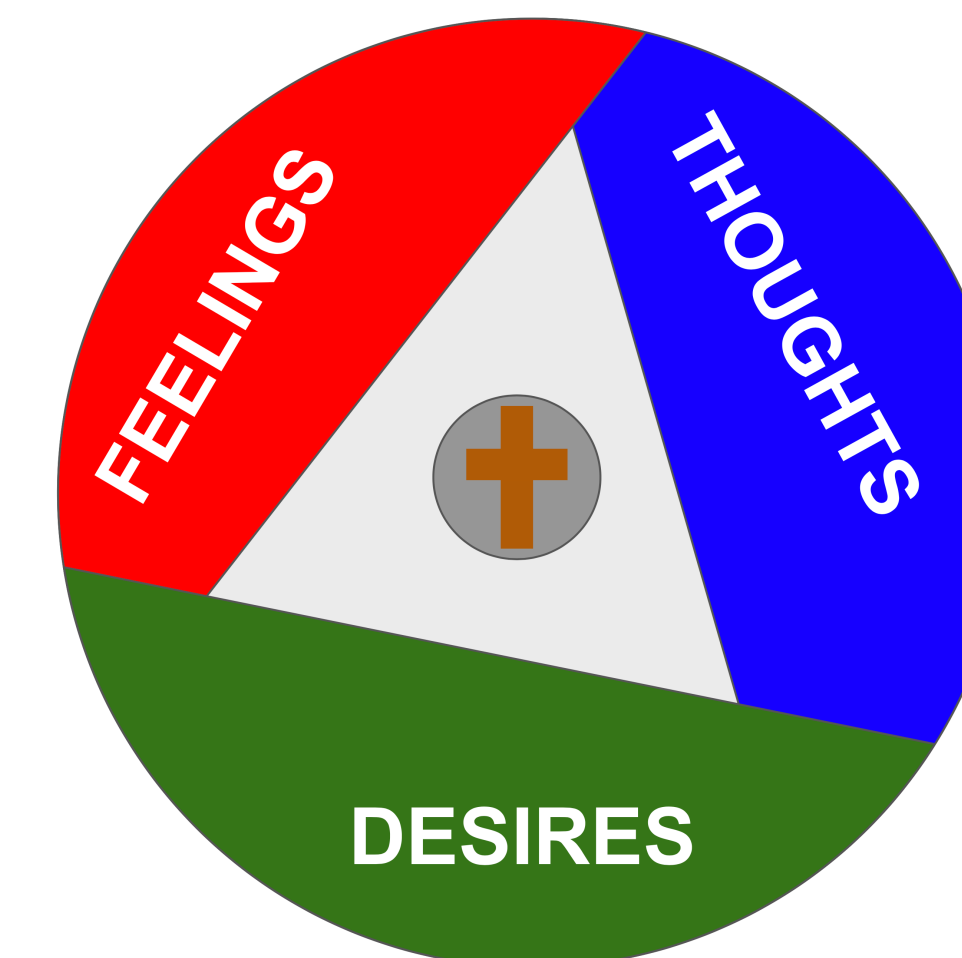

2. Curse

SIN

Sin broke the connection between our spirit and God’s, leading to wounds that hinder alignment.

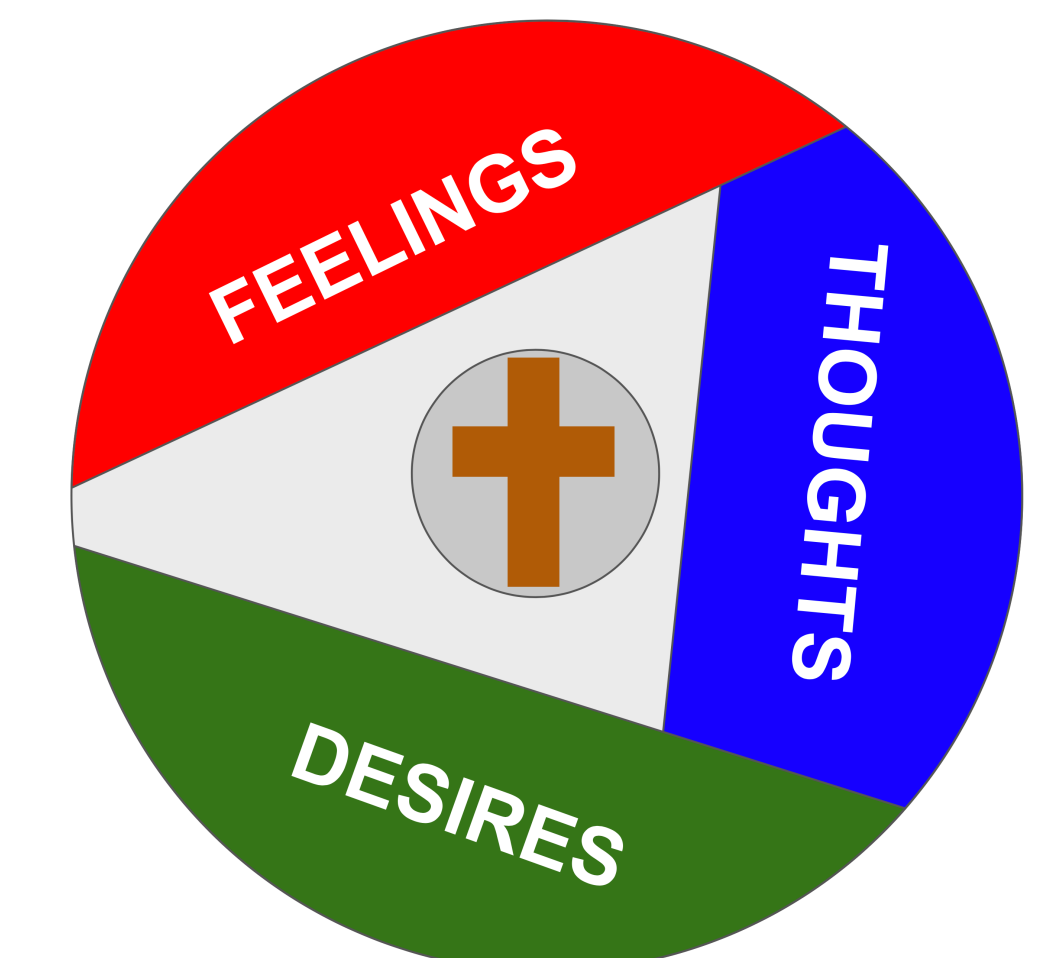

3. Cure

SALVATION

Receiving Christ’s work on the cross reconnects us to God and is the process for healing our deepest wounds.

4. Call

AUTHENTICITY

We promote healing by allowing others to see precisely where Christ *did*, *does* and *needs to* heal us.
